Welcome to Ride Smart

To help keep you sharp on the road, the TAC has created the Ride Smart program which is full of exercises to help you tune up your riding skills.

Designed by experienced motorcycle trainers and instructional design experts, the program provides training on a range of crucial riding skills like hazard perception and decision making.

How to join
Ride Smart is provided free of charge and can be completed online. To begin using Ride Smart click here to register. Once you have registered you will be able to login and start the program.

Ride Smart, look smart
Once you complete each Ride Smart module, if you are a Victorian resident, you'll have the chance to win great prizes. Every three months we give away four $200 vouchers to spend on selected protective gear, one draw for completion of each module and one for completion of the refresher pack. You will automatically be entered into the draws when you complete each module. The more modules you complete, the more prize draws you will be entered into. For the latest competition information, view the Terms and Conditions.

Ride Smart refresher pack

Gain years of experience in just a few hours. Free.

To help keep you sharp on the road, we have created the Ride Smart program.

Designed by experts, Ride Smart provides training for a range of crucial riding skills to help you gain the experience you need, to avoid the experience you would rather not have.

Ride Smart is especially useful for new riders but can also be valuable for experienced riders who want to brush up on their skills.

Register today.

Visit ridesmart.spokes.com.au to register.

We’ll even give you incentives to keep learning!

The more of the Ride Smart program you complete, the more great prizes you’ll be eligible for.

Safe riding.
